### Have You Heard?

by Dorothy McCain Eلسenius

With the holidays upon us, the beverage industry is reminding those full of holiday spirits: "If it's one for the road—make it coffee," and they're saying so with billboards in various areas in California.

"It is an effort on our part," says Beverage Bulletin executive Max Kerstein, "to let the public know that the licensed beverage industry is concerned with the drinking driver and is trying to exercise some effort in helping reduce and control the problem."

Care for another cup of coffee before you go?  
As a friend of mine reminds his company: "Make that one for the road" coffee—or you may have the CHP for a chaser!"

For those residents wondering how to dispose of their Christmas trees after the holidays—Group 12 and Cub Pack 3 will solve the problem. Their annual Christmas tree pickup is scheduled for Saturday, Jan. 8. More about this in our next issue.

## Average Council Agenda

The Albany City Council agenda for Monday night listed nine varied communications, one public hearing and several items of unfinished business held over from December 6, plus two resolutions.

The resolutions were to appoint Michael James Blackwell to the position of probationary hoseman with the Albany Fire Dept., and to change the parking zones at 1061 Eastshore Highway.

The public hearing was to hear and act upon an application for a variance for the Vincent Development Corp. at 720-135 Gateview Ave.

The unfinished business held over concerned a communication from Bert Bond, mayor pro-tem of Long Beach concerning new regulations for ocean discharges and a letter from the County Board of Supervisors regarding the establishment of a "911 Emergency System" advisory committee.

Communications listed included one from the Chief of Police, regarding the appointment of a civilian clerk in the Police Dept.; Mr. and Mrs. Charles Studduth, commending the City Council for removing hazardous eucalyptus trees in the Hillside Ave. area; Administrative Officer requesting the cancellation of two weed bills, issued in error; Administrative Officer submitting information concerning regulations on homes for the mentally retarded in residential areas; one from the City Attorney, submitting amendment to the Albany land-fill agreement.

Two others from the Administrative Officer concerned employees in the Administrative and Public Works Dept., and the re-roofing of the Albany Library and the Adult Education Building.

Two communications from the Planning and Zoning Commission were also listed on the agenda—one recommending that Variance No. 104 from Al Shore for 905 Pomona be denied, and the other regarding Ordinance 71-04, regulating Solano Avenue signs.

The Mayor had also called a work session at 7 p.m. last Monday evening to discuss various potential items for Charter changes.

## Water Safety Instructions

A Red Cross Water Safety Instructor course planned especially to train young people for summer jobs teaching swimming will be offered at the Albany Pool, 1311 Portland Ave., starting on Jan. 5.

To qualify for the course, enrollees must be at least 17 years old and have a current Red Cross senior life saving certificate.

The course is divided into two parts. During first part, Jan. 5 through Feb. 9, classes will meet Wednesday evening from 7 to 9:30 p.m. In the second part, Feb. 14 through Mar. 15, classes will meet both Mondays and Wednesdays from 7:30 to 9:30 p.m.

Registration should be made in advance by calling either the Albany Pool or the Berkeley Chapter, American Red Cross.

For each part of the course there will be a pool use fee of \$8 for adults over 21 and \$1 for those under 21. The required Red Cross textbook may be purchased for \$1.

Mrs. Audrey Whiteman, Albany Pool Director, and Phil Mower, a Red Cross water safety instructor trainer, will teach the course.

### Chairman Named

Mrs. Arthur Afanador was named last week to head the Albany appeal for the Alameda County Heart Association's 1972 Heart Fund Campaign.

Active as a Heart Fund volunteer since shortly after coming to Albany three years ago, Mrs. Afanador has served as a neighborhood captain and area chairman in past campaigns.

As community chairman for the Albany drive, she will work directly with more than 20 area chairmen and captains, and nearly 300 neighborhood door-to-door volunteer workers.

Mrs. Afanador resides with her husband and two young children at 326 Wilson Street in University Village. Mr. Afanador is a graduate student at UC in Berkeley.

"AND THAT'S what I want for Christmas," says little Lori Chelemendes to jolly old Saint Nick, who will be appearing this Friday, Dec. 24, at all the Albany City Parks. Santa Claus is scheduled to visit Memorial Park at 12 noon, Terrace Park at 1 p.m., and Community Center at 2 p.m., with treats for all good little boys and girls.

## Schools To Use Plan II

Albany elementary school students, now housed in unsafe sections of Marin and Cornell schools, will be relocated at Albany High School next September, according to a School Board decision made last week.

School Board members, after much debate and deliberation, and guided by results of the recent parents' poll, have decided to follow through on Plan II, utilizing Albany High School for the most part, with high school students' day beginning at 7 a.m. and ending at 12:15 p.m.

Ground floor facilities at the high school will be used for Marin students in grades 1, 2 and 3, during their regular school hours; while Cornell grades 1, 2 and 3, together with Cornell and Marin 4th graders, will attend classes in the safe section of Cornell school during regular school hours.

Marin and Cornell students in grades 5 through 7 will hold classes at Albany High School from 12:30 to 5 p.m.

Kindergartners from Cornell will be divided between Vista and MacGregor primary schools. Marin kindergartners will continue in their own bungalow, which has been declared safe.

Estimated cost for Plan II has been set at \$8,000 to \$10,000, and will include the remodeling cost for the ground floor at the high school and the installation of one or more portables.

The Board of Education also voted to place a measure on the November, 1972, ballot, seeking financing for the renovation or replacement of the condemned schools. Earlier plans had indicated the measure would probably appear on the June ballot.

## Burglaries Continuing

Burglaries and car thefts are continuing in Albany, according to Police Inspector Art Smith.

Burglaries reported last week included one at 917 Solano Ave., in which a colored TV, a stereo and other equipment valued at \$800 was stolen. No evidence of forced entry was found.

In another burglary items valued at over \$300 were taken from 1105 Evelyn, including a TV, a typewriter and a hand-made coffee table. Jim Woulfe Ford Agency reported a battery was taken from a car left in their lot.

Two cars stolen in Albany, one from in front of Cornell School and the other from the 500 block of Adams, have been recovered by the Berkeley police. In both instances, cars stolen from Oakland were found within a half-block of the scene of the Albany thefts, leading police to believe they were left by the thieves.

All cars were General Motors makes and were reported to be locked by their owners. Police believe the thieves must have duplicate keys and are possibly seeking parts for Buicks, Chevrolets and Pontiacs.

## Van Coops Will Head Fund Drive

Busy as he is with his duties as Albany Deputy Health Officer, and as a member of the National Environmental Health Association and the Bay Area Environmental Health Association (to name just a few of his activities), Harold Van Coops still considers it an honor to serve as Albany's Community Chairman for the 1972 March of Dimes.

During his years as a deputy health officer, Van Coops has seen the defeat of polio as a common, often fatal, crippling disease, through research and education financed primarily by March of Dimes funds. He now looks forward to continued progress in studies of birth defect causes.

"It's extremely important," says Van Coops, "to keep alive the zeal and energy of the campaign that conquered polio, and help direct it against birth defects." One of his strongest supporters is his wife, Marguerite, a medical lab technologist, followed in close succession by the five splendid reasons the Van Coops have for taking an interest in the health problems of the young—their five nearly-grown children: Steve, 28; Peter, 21; Tina, 20; Jon, 17; and Tony, 15.

## Local Boy Claims Bride

Gary Everett Carpenter, son of Mr. and Mrs. Arthur Overman of Albany, claimed Fredericka Ellen Partain as his bride in recent candlelight services at the Northbrae Community Church. Fredericka, who attended Contra Costa College, is the daughter of the Kenneth Danielsons of El Cerrito, and the sister of Karl, Ken and Don Danielson, also of El Cerrito.

The groom, who recently re-

turned from studies in Australia, is currently a student at East Texas State University, where he is studying to become a veterinarian. He is the brother of Jim and Mike Overman of Albany, and Ron Overman of Berkeley.

As something old the bride wore her mother's ivory wedding gown, decorated with pearls and sequins. Her veil of ivory lace and pearls served as "something new," while something borrowed

was her maternal grandmother's 60-year old diamond necklace. To complete the sonnet she wore a blue garter and carried a six-pence in her shoe.

The bride chose Linda Lindholm of Albany as her Maid of Honor, who wore an apple-green velvet dress with a matching veil. She carried a bouquet of fall-colored daisies.

Completing the bridal contingent were Carol Hoagland of Exeter, Debbie Rose of Hayward, and Debi Stone of Richmond. They wore gold velvet gowns with

matching veils and also carried fall-colored daisies.

Jim Overman was his brother's best man. Serving as ushers were Ron and Mike Overman and Karl Danielson, while the bride's other brothers, Ken and Don were the candlelighters.

The couple greeted their 250 guests at a reception held at the El Cerrito Community Center, immediately following the ceremony.

Among the guests attending were the bride's grandparents, Mr. and Mrs. Elmar Partain of

River Pines, Mr. and Mrs. Clifford Kessler of Stockton and Mrs. Juna Danielson of Berkeley.

Others attending included the bride's aunt and uncle from Scottsdale, Arizona, Mr. and Mrs. John Smith, who were accompanied by their daughter, and their house guests, Bask, an exchange student from Finland.

Alan Phipps, a friend of groom's from England, was in attendance.

Cafe on Solano Ave. gave a surprise birthday party last week to Otto Shield, more fondly known as "Pops." Otto was, of course, very surprised and pleased. He managed to cover his surprise long enough to make a short thank-you speech, cut the cake and pour the cheer—a happy time was had by all.

Last year 770 area children were made happy by Christmas with gifts furnished and distributed by the Red Cross Youth High School Council, working through their annual Christmas Toy Shop.

After being put in "mint condition" by Volunteers, the donated articles are displayed on shelves and tables and families referred to the shop by welfare and other agencies are invited to select free gifts suitable for their children. The Red Cross expects the list to reach at least 1000 this year.

The agency, and the Volunteers are to be congratulated for bringing some holiday cheer to children who might not have a

Christmas otherwise.

Mary Culley and her versatile poodles will be making their annual Christmas pilgrimage to Children's Hospital at 9:30 Christmas morning. Son Patrick will also be in attendance. They will make individual bedside visits to the little patients, as well as put on a show in the large children's ward. According to our records, Mary has been entertaining the little shut-ins at Children's Hospital for eight years.

Mrs. Virginia Behm, Albany High PE instructor, attended the dedication ceremonies of the Pence Union Building on the campus of Eastern Washington State University last month.

The new student union building was dedicated to Mrs. Behm's late grandfather, Omer Pence, who was a member of the faculty of the university for over 25 years.

The drawing for the beautiful \$1,000 animated Nativity scene, currently gracing the windows at Sam's Pharmacy, will be at 1 p.m., Friday, Dec. 24, at Sam's. Some lucky person will have a beautiful Christmas decoration for next year.

obviously "knew his way around," the animal followed John's truck all around town (at a safe distance, of course) until John finally headed into the corporation yard where he managed to corner the dog and catch him.

No one has claimed this beautiful animal yet, the Animal Control Officer reports.

Winners in the Albany American Field Service drawing have been announced. The drawing was held at the home of Albany Field Service Chairmen, Mr. and Mrs. Leonard Keck, with AFS exchange student from Japan, Harumi Ban doing the honors. The first name he drew was that of Leonard Keck—which, of course, was disqualified. The second ticket drawn—for the \$50 cash prize—was that of Dorothy McCain Elsenius. Consolation prizes were awarded to Kim Fletcher and Linda Powell.

Jerome Blank Realty, long a landmark on Solano Ave. (22 years), will be moving to new headquarters next week, in Town Centre, 948 San Pablo Ave. The new offices, with its 50-car parking lot, will be opened on December 28, offering the same personal interest and service.

## WHAT'S GOING ON HERE?

Not the end of an era, but the beginning of a new and exciting future for our firm. We've been here next to the Bank of America for 22 years, and through 6 major remodelings. Now, we've sold our property to the Bank to enable them to expand their parking area. We're moving next week to our brand new office in Town Centre, at 948 San Pablo Ave., with its 50 car parking lot. So, down comes our Neon sign, and in about a week's time, the bulldozers will raze our building. Around Dec. 28, we will be in our new office, with the same phone number.

We will continue handling home sales and assisting our clients with their real-estate problems. We are also specializing in real estate investments, and counseling. As always, we offer personal, conscientious service, with Dennis Williams and Jerome Blank, representing over 42 combined years of Albany real estate experience.

So, with a tear in our eye, as we watch our longtime home being leveled, we look forward to a bright new future for our firm, in our new Town Centre Office Center.

## Before You Take That Christmas Gift Back . . .

The aftermath of the Christmas shopping rush usually brings a rash of ruffled feathers and hot tempers, when people try to exchange gifts.

In an effort to reduce this problem, these guidelines are offered:

Whether or not you can return merchandise for credit or fund, depends entirely upon the policy of the store or company where the merchandise was purchased. No outside agency can force refunds for customers.

Some stores, follow the policy that all sales are final, and will not refund money or give credit slips. Other stores refuse cash refunds, but allow the purchaser

a credit slip which may be applied then or at some future time toward the purchase of other merchandise in the store.

Other stores unhesitatingly give refunds, credits, exchanges, or return deposits. These stores consider this a "privilege" rather than a legal obligation.

If the seller misrepresents, or if the merchandise is defective, then you are justified in expecting satisfactory adjustment or refund. Otherwise, because you "change your mind," you have no more legal right to a refund than the merchant has to ask you to return the merchandise he sold you because he changed his mind about selling it to you.

## Don't Encourage Home Burglaries

If you are surprised by a mis-terious visitor at your home this Christmas Eve, it might not be old Saint Nick, for according to statistics, it is more apt to be a burglar.

During the month of December, burglaries of homes and apartments reach their peak for the year. Homes that are temporarily left unoccupied by families away on visits, an abundance of newly bought gifts and a lack of concern for home security can combine to make the holiday season a very lucrative one for burglars.

To help safeguard your possessions, and spare your family the anguish of becoming burglary victims, it is wise to remember these simple and often-repeated suggestions:

First of all, before leaving your home to pay those holiday visits to friends and relatives, double-check all doors and windows to be sure they are securely locked and bolted.

Next, if you expect to be away from home after night-fall, be

sure to leave several lights burning so your home will appear to be occupied. If you plan to be away from home for more than just a day, make it a point to stop newspaper and milk deliveries. For an experienced burglar, the first clue that a home is unoccupied is a pile of newspapers or a clutter of milk bottles left near a back, front or side door.

Finally, don't place gifts where they can be readily seen from the street. Brightly wrapped packages arranged under a Christmas tree impart a warm feeling to the holiday season. But, at the same time, they can also provoke intrusion and burglary if they are piled near windows in full sight of passers-by.

Last year, total burglaries for the month of December were much higher than the average for the rest of the year. But even more alarming was the increase in holdups and robberies.

Make certain during the holiday season that you don't carry more cash than you actually need, is a very good rule to follow.

POLICE CHIEF RALPH JENSEN drew the name of W. Mortensen of Albany, to participate in the big East Bay Chrysler-Plymouth Dealers "win-a-car" contest, held during half-time at last Sunday's Raider-Denver game at the Oakland Coliseum. Pictured with the Chief is Rick Phelps, sales manager for H. L. Moore, Albany Chrysler-Plymouth dealer, where the local drawing was held. Mortensen's name was entered, along with 12 others from East Bay dealers, and although he didn't win the car, he did receive a pair of season tickets for the 1972 Oakland Raider games.

## Chief Advises Heater Check

With winter already here, Albany Fire Chief Gerald Browne, advises residents that an annual inspection of gas space heaters is recommended, both for safety and economic reasons.

"All heaters should be inspected at least once a year by a qualified plumber or furnace service company representative to insure both economical and efficient operation," he said.

Particular attention should be given older room heaters. Flue gases from faulty combustion can enter the room from disconnected or badly rusted vents, he said.

Special precaution should be

taken with old heaters designed for unvented use. Even when in good condition they must not be operated in poorly ventilated rooms. A window should always be left open when such heaters are in use.

The improper use of unvented heaters can cause serious illness, warns Chief Browne. A furnace service company should be called in case of question about the safety of a heater.

The sale of unvented heaters after January 1, 1972, except for approved decorative gas logs in vented fireplaces, will be banned in California by a 1970 act of the state legislature, he said.

## Bay Dump Bill OK'd

Bay Area environmentalists have gained a victory, with the signing into law, by Governor Ronald Reagan, of Assembly Bill 1860, authored by Assemblyman John Knox of Richmond.

When the bill goes into effect, it will be a misdemeanor for any person to place fill, extract materials, or make any substantial changes in the use of any water, land or structure within the area of jurisdiction of the San Francisco Bay Conservation and Development Commission, without first obtaining a permit from the Commission.

## Xmas Toys Can Be Dangerous

Poorly-constructed or designed toys can cause needless eye injuries, according to the president of the Alameda-Contra Costa Counties Optometric Society.

Dr. Daniel Sanders said that parents and others buying Christmas gifts for children should avoid toys with sharp, jointed or rough edges which can cut or injure.

Potentially-dangerous eye-damaging gifts are electric home workshop tools, chemistry sets, lart games, suction-cup-tipped arrows, and even toy brooms, toddlers push toys, brittle plastic baby rattles and cuddly stuffed teddy bears. Some stuffed animals lose their eyes and noses revealing sharp pins. And poorly-constructed toys made of thin, brittle plastic can shatter, sending splinters or sharp pieces of plastic into a child's eyes.

"Darts, arrows, sling shots and all missile-type toys are a threat to a child's visual safety. Those under six should not have them and children under two should not have toys with sharp stick handles such as those on many toy brooms, mops, sweepers and push toys," cautions the optometric society president.

Parents should immediately contact their physician if a child does suffer an eye injury. While optometrists are not directly involved in actual treatment of eye injuries, they are concerned with the often severe visual impairment which results from such injuries, said the society president.

PICTURED ABOVE is a Red Train, making its last trip through Albany in 1941. The photo was taken as the train turned on Jackson to go up Solano Ave., and the house seen immediately behind the automobile on the left is the Madison Street residence of the late Robert Dennis.

## Page of Albany Past Uncovered

A page out of Albany's past was uncovered recently, when some of the tracks which carried the old "Red Trains" through the city, were uncovered during the construction of crosswalks at Solano and San Pablo Avenues.

The first "Ninth Street Loop" train ran through Albany on February 1, 1912, following an evening of great civic celebration and rejoicing. Previously, unless

the citizens of Albany had their own autos, they relied on street cars on San Pablo Avenue to get them to other parts of the Bay Area.

Entering Albany from Ninth Street in Berkeley, the trains ran through what was then known as Gills' Nursery (now Eighth Street in University Village), and continued north on Jackson to Main (now Solano Avenue), where they again preceded east, enter-

ing Berkeley at Tulare Street. According to Fire Chief Gerald Browne, Albany's historian, this improved mode of transportation continued until the last train ran through the city in 1941. Most of the tracks and large iron poles were not removed until much later, and from the evidence found at Solano and San Pablo, not all of the tracks were removed.

## THE PHONE BOOTH

All of us at the phone company would like to wish you and your family the very best this holiday season. It's been our privilege to serve you during 1971. Our New Year's resolution this year is to continue improving your telephone service during 1972 and each succeeding year.

Again, our best wishes for a Merry Christmas and a prosperous, rewarding New Year.

During the Christmas and New Year's weekends we expect a record number of people to send their greetings by long distance phone calls. If you're one of them, remember, we'll make every effort to complete your calls quickly, but some calls to some points may be delayed.

Here are some tips to help speed your calls through on these weekends:

- ... Know the Area Code and the number before you call. (Most Area Codes are found in the front pages of your phone book.)
- ... Dial direct. It's faster and cheaper to dial station-to-station calls without Operator assistance.
- ... Your call has the best chance of getting through during the lighter calling periods—usually the afternoon or late at night.
- ... If you get a busy signal, please hang up and try again in a few minutes.

## Christmas Poem

(The following poem was written and composed by 95 year-old Thomas W. Young, 958 Ventura Ave. in nearby Berkeley.)

CHRISTMAS AND  
NEW YEAR'S, 1971.  
HOME LAND MEMORIES.

I feel so strange and lonely,  
As the years keep passing on.  
They bring to me sweet memories  
Of my boyhood home.

Of the day's when I was happy  
When I never knew a care,  
And my mother sat a-rocking in  
her old arm chair.

I hear her murmur softly  
As the old church bells did ring,  
For my mother was my sweet-  
heart and I loved to hear her  
sing.

The world to me was sweeter  
And my fears all passed away  
When she put her arms around  
me in the old arm chair.

And now she's joined the  
ransomed

Where the bells will always ring,  
And when the evening shadows fall

I can still hear her sing,  
The echo of her sweet voice will  
never fade away.

Or the picture of her sitting in  
the old arm chair.

Illegal Candy Sellers  
Labor Commission Target

State Labor Commissioner, George Millias, has asked for the cooperation of the public to help coordinate all law enforcement agencies, in a campaign to clean up the door-to-door candy sales racket in California.

Millias notes that at the present time virtually all of these operations are being conducted illegally, without permits and in violation of the provisions of the labor code. This fraudulent scheme constitutes perhaps the largest and most outrageous exploitation of children yet unleashed in this state.

The way the racket works, Millias explains, is that under the guise of a so-called charitable endeavor, children are recruited, transported and armed with low-grade, over-priced candy, and sent on their way to "peddle."

The scheme has been expanded to cover not only residential areas, but office buildings, shopping centers and even cocktail lounges.

What is even worse, the children are often transported long distances to unfamiliar communities, and not returned to their homes sometimes until 2 or 3 a.m.

The entire operation is in complete violation of the California Labor Code, and much evidence has come to the attention of the State of gross underpayment and fraud, on the part of these modern day "Fagin's." State investigators have found instances of minors who were robbed of "tips," received as nuisance pay-offs in lieu of unwanted candy.

"I want it made clear that we have no intention of discouraging the employment of youth," Millias stated. "But these dishonest business pursuits, masking under the mantle of charitable, non-profit organizations must be stopped," he further emphasized.

In conclusion, he noted: "Categorically there is no relationship whatever between the practices just described, and the worthwhile efforts of such groups as the Boy Scouts and Girl Scouts of America or the Camp Fire Girls . . . all non-profit, supervised youth organizations."
